TOWN REPORTS

TOWN OF DERRY, NEW HAMPSHIRE

FOR THE YEAR

1958

N
352.07
D43
1958

TO THE CITIZENS OF THE TOWN OF DERRY:

Following this foreward is the report and summary of the several departments of the Town: As will be noted an overdraft of expenses has occurred in some instances. Many of these are of an unforeseen nature, others are the result of lack of planning and close attention to spending. This condition is of prime concern to the Selectmen and we are cognizant of the fact that closer scrutiny of the financial condition of the Town expenditures must be made on a monthly basis.

Our budget this year will reflect a slight decrease in many items. We believe all departments are geared to hold the line as near as possible.

Our Sewer Construction is near completion, which is in advance of our anticipated completion date. We will reflect an increase in our tax rate by the request of $14,651.00 to cover Bond Interest cost which occurred as of December 1958. This was paid out of Construction Account which must be replaced. Future interest charges will be paid out of Sewer Rentals. This will also be somewhat less than we had anticipated. A coverage report on the Sewer Project will be found further in this report. The controversial issue on our roads will be satisfied as soon as is expedient this Spring. The Contractor who worked on the street will restore the street to its original condition, as per contract agreement, as soon as the frost has sufficiently subsided to permit work to continue.

We trust the following report will explain to the Taxpayer the operation of the Town and cover all items which may be of interest to you.

Respectfully submitted,

Frank T. Buckley
Emile J. Bienvenue
Donald Bentley

PROGRESS REPORT ON SEWERAGE PROJECT FOR THE TOWN OF DERRY

Funds for this project were appropriated at the Annual Town Meeting of 1957, and Camp, Dresser & McKee were engaged as consulting engineers.

In March of 1958 construction work was advertised, and on April 2, 1958, Samuel Aceto & Co. of Portland, Maine, submitted a low bid in the amount of $372,300 for the construction of Beaver Brook Interceptor and Laterals (Contract #1) and Daly & Santom Contracting Co., Inc. of Holden, Mass., submitted a low bid in the amount of $133,573.50 for the construction of the Sewage Stabilization Ponds (Contract #2). On April 9, Samuel Aceto & Co. submitted a low bid in the amount of $106,445 for the construction of the Sewage Pumping Station and Force Main (Contract #3). On April 23, D. Federico Co., Inc. of Mattapan, Mass., submitted a low bid in the amount of $571,659.50 for the construction of the Horne Brook Interceptor and Laterals.

Bids were opened for the sale of the bonds on May 21, 1958, and the bonds were sold to a joint venture of Smith, Barney & Co., Reynolds & Co., and the Rockland-Atlas National Bank of Boston. The bid had an interest rate of 2.6% with a premium of 100.432%, which means that the Town received the face value of the bonds plus $4,868.64.

The progress of the sewerage construction is as follows:

Contract #1 All sewer construction and repavement completed. The remaining work consists of repairing pavement which deteriorated during the winter and miscellaneous cleaning up.

Contract #2 Earth work is completed and one pond is in operation. The remaining work consists of loaming and seeding, fencing, and cleaning up.

Contract #3 Pumping station completed and in operation. The remaining work consists of loaming and seeding and cleaning up.

Contract #4 Sewer construction is 88% complete. House services are 55% complete. The remaining work consists of completion of sewer construction, repavement, and cleaning up.

The total of the bids received amounted to $1,183,977, and the estimated final payments to the contractors will be approximately $1,195,000.

Pumping Station and Stabilization Pond was placed in operation on January 5, 1959. The Grinnell School and some residences are now connected to the new system.

Based upon study and recommendations by the Sewer Committee, the Selectmen have adopted a Sewer Ordinance and have established the entrance fee for use of the new sewerage system.

LIBRARIAN'S REPORT

The 54th Annual Report is herewith presented:

General circulation has been on the upward trend for the past year. The schools have not called for as many books this year, as in the past years. The only reason we can give is, perhaps they have more books available to them in their own classrooms.

National Book Week was observed in Derry as well as all over the nation, posters and books were displayed in various locations about town. Our main contribution was an article compiled by Mrs Pauline Van Scoten and our librarian, "Derry's Who is Who in the Literary Field". This was printed in the papers and proved very interesting to its readers.

National Poetry Week was observed later in the spring. Robert Frost was the honored poet at this time. We displayed many of his books and his photograph. The Sullivan photography shop had another exhibit of the poet's work and a photograph that Mr. Sullivan took of Mr. Frost at the time he was our guest speaker for Book Week 1952.

The library was host to a neighborhood meeting of librarians and trustees. Dispite the bad weather the meeting was well attended by the librarians and trustees from surrounding towns. The speakers were from the State Library. They brought many new books to show and discuss with the group. Refreshments were served and a social hour was enjoyed.

The Bookmobile made us its first visit in December. Sixty books were loaned us. They have been well read and much interest show in the service.

During Book Week schools were visited and new books were shown to students and teachers. At the Grinnell school all lower grades met in the auditorium. Stories were read and books left with the teachers for later reading by the children. Many displays were arranged in the library for parents and teachers.

We wish to thank our many friends for their numerous gifts of books. Books are always acceptable at the library and greatly appreciated.

REPORT OF THE TRUSTEES

The trustees are able to report two gifts of considerable import to the library and the town. Mr. Horace Holaday graciously donated 242 volumes to the library. Primarily these books are non fictional in character and cover a variety of subjects. It was one of the most valuable donations in recent years. The trustees, librarians and certainly the patrons of the library are indeed grateful for this fine contribution to its shelves. We can not adequately express the worth of such a fine donation.

In addition Mrs. Helen Hood bequeathed the sum of $3,000 to the library. This money will be used in accord with the wishes of the donor. Such a bequest, too, is appreciated by the library family. It will add to the pleasurable and educational facilities of our library.

The library facilities continue to be used by some organized groups such as Art and Crafts and the Sweet Adelines. Occasionally other groups avail themselves of the building for meetings. The trustees and staff of the library are happy to have the facilities used by townspeople. The main functions of a library are to provide opportunities for intellectual pursuits. These pursuits may be in several areas--arts, sciences, social sciences or purely pleasure. If a library can meet the needs and desires of the patrons in this area, the staff and trustees are happy.

It may seem trite and redundant but we surely must acknowledge the conscientious, efficient and courteous service of the library staff. The value of such service to too often taken for granted when it has been rendered over a long period of time. The staff serves many patrons--some in only a routine manner--issuing and collecting books--but service to other patrons involve research in the library and sometimes requesting additional materials from the state or other libraries. In any case the staff cooperates with patrons to render the service requested.

The trustees and staff endeavor to make the library a pleasant place to work and read and it is hoped that the citizens will avail themselves of its facilities.

LIBRARIAN'S REPORT

To the Trustees of Taylor Library, the following report is respectfully submitted:

The following gifts have been presented to the library this past year; Mrs. Alice Campbell gave a copy of a paper written by herself telling of the settlement of Nutfield, which should be of help and interest to any studying the early days of Derry, especially the school children. A second gift, a package of new books from an anonymous friend just in time to help celebrate Children 's Book Week in November.

The Derry Reading Club gave a copy of the American Revolution, an American Heritage Publication, a handsome volume which will be not only useful but a pleasure to handle.

When the old Adams school building housed the first six grades of East Derry children, there was a flourishing Mothers' community Club. When the school building was closed the club disbanded. The members', being East Derry women, they decided to give the funds in their treasury to Taylor Library. This was $20.00, and has been placed by the Library Treasurer in a special account.

During the enforced absence of the Librarian, the library has been serviced by Mrs. Alice True, and Miss Mary Lacouture from Pinkerton Academy. To these two go special thanks.

As usual we had the beautiful Christmas wreath from Mrs. Walter Harding. For all these evidences of friendship Taylor Library says a hearty "Thanks". And to you, our ever thoughtful and generous board of Trustees a very special "Thank you" for our new lavatory.

Mabel C. Berry, Librarian
